IT4202 FINAL YEAR PROJECT

INTRAGROUP REPORT

GROUP	<u>10</u>
Category	Website
Title	Market Day
PERIOD (WEEK)	7
NAME	MUHAMMAD IZAZ HAZIQ WANG BIN MUHAMMAD IZAZ ZAYDAN WANG
STUDENT ID	23FTT1117

The answers to the questions below are intended to assist you in making the project group function effectively. They may be used to trigger intervention by the IT project supervisor (e.g: when some group member is marked as **unsatisfactory**), and also to document any variation for individual group members from the group mark for group assessable.

Any such variation will be carried out at the end of the semester after all assessments have been submitted and marked. **This form should be completed in private, not as part of a group meeting.**

For each member of your project group except yourself, provide the rating ✓ using the definitions below:

Unsatisfactory to mean significantly lower than most of the other group members.
Satisfactory to mean about the same as most group members.
Exceptional to mean significantly higher than most of the group members.

No.	Members Name	Overall Effort (made towards successful completion during the period)		
		Unsatisfactory*	Satisfactory	Exceptional
1	Muhammad Izzan Zuhri bin Muhammad Fauzi		✓	
2	Muhammad Aqmar Danish bin Alimin		✓	
3	Nasruddin Haqmane bin Haji Warithu		✓	
4	Muhammad Adli Hanafi bin Rosli		✓	

* IT project supervisor are interested in resolving issues that may affect the overall success of your project.

Comments

Reasons for any ratings of unsatisfactory or exceptional must be included in the comments space above. Be sure to indicate to which member your comments refer. If any member rated unsatisfactory, indicate what steps the group is taking to improve that member's performance.

Your signature

A handwritten signature in black ink on a light gray rectangular background. The signature consists of the letters 'J' and 'W' written in a cursive, stylized font. The 'J' has a long, sweeping tail that extends downwards and to the left, while the 'W' is formed by two connected 'u'-like shapes.
